

SUGGESTED LANGUAGE-SENATE BILL 207 DETERMINATION LANGUAGE FOR CCA PROVIDERS

CCA language with no records of DD/IDD found

Based on this Comprehensive Clinical Assessment, the young person's diagnostic impressions **[DOES/DOES NOT]** meet criteria for a Severe Emotional Disturbance as defined by G.S. 7B-1501(24a). This determination was based on the utilization of the North Carolina Determination Criteria Checklist for Severe Emotional Disturbance (SED). At this time, there is no documentation by other professionals (such as a licensed psychologist or medical professional) of a developmental disability as defined by G.S. 122C-3(12a) or an intellectual disability as defined by G.S. 122C-3(17a). If additional evaluations are warranted in these areas, this is outside of the scope of the Comprehensive Clinical Assessment and this would be noted in the recommendation section of this report.

CCA language with records of DD only found

Based on this Comprehensive Clinical Assessment, the young person's diagnostic impressions **[DOES/DOES NOT]** meet criteria for a Severe Emotional Disturbance as defined by G.S. 7B-1501(24a). This determination was based on the utilization of the North Carolina Determination Criteria Checklist for Severe Emotional Disturbance (SED). At this time, **THERE IS** documentation by other professionals (such as a licensed psychologist or medical professional) of a developmental disability as defined by G.S. 122C-3(12a). There is no documentation by other professionals of an intellectual disability as defined by G.S. 122C-3(17a).
