TARP AWARENESS SECURE YOUR LOAD

Keep Mecklenburg County Beautiful

North Carolina taxpayers spend millions each year to remove litter that blows out of truck beds. Help save tax dollars, reduce litter and keep our roads safe by using tarps, cargo nets and tie-downs to secure loads.

IF IT'S HERE...

IT LANDS HERE.

LITTERING IS DANGEROUS

"My mother was almost killed by debris that flew from an unsecured pickup truck bed. Unsecured loads are a roadway hazard that can cause injury and property damage. Help keep our state safe and litter free. Please cover your beds."

- Lee Hill, NC Solid Waste
Enforcement Officers Association

TARP AWARENESS GOALS:

- ➔ Reduce roadside litter
- ➔ Prevent accidents
- ➔ Increase tarp usage
- ➔ Increase awareness of NC litter laws

TAKE THE TIME TO SECURE YOUR LOAD.

- Bumps, turns and sudden stops can dislodge improperly secured loads. Don't rely on an item's weight to keep it in place during travel.
- Pickup truck bed covers not only secure loads, they also improve fuel economy and keep loads dry, clean and safe.
- Toolboxes and other built-in containers can be used to hold trash until it can be placed in a garbage can. Additionally, trash or recyclables can be placed in sturdy bags and covered with a tarp or cargo netting.

TARP IT OR RISK A TICKET!

We all share a responsibility to keep North Carolina's roadways clean and green.

Though you may not intentionally litter, if you do not secure the items in your truck bed, you are contributing to dangerous and unsightly roadside litter.

It's illegal under North Carolina law to haul an improperly secured load. Penalties for littering include up to a \$2,000 fine, community service work and one point on a motorist's driver license upon conviction.

*Section 1. G.S. 14-399
When litter is blown, scattered, spilled, thrown, or placed from a vehicle or watercraft, the operator thereof shall be presumed to have committed this offense.*
