## Facility AUDIT FINDINGS

### Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

#### Number of standards exceeded:

5	<ul style="list-style-type: none"> <li>• 115.17 - Hiring and promotion decisions</li> <li>• 115.32 - Volunteer and contractor training</li> <li>• 115.42 - Use of screening information</li> <li>• 115.71 - Criminal and administrative agency investigations</li> <li>• 115.83 - Ongoing medical and mental health care for sexual abuse victims and abusers</li> </ul>

<b>Targeted Inmate/Resident/Detainee Interviews</b>	
<b>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	15
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
<b>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</b>	0

<p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>Offenders of other disabilities were chosen from the disabled targeted categories.</p>

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<b>84. Did you have access to all areas of the facility?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>Was the site review an active, inquiring process that included the following:</b>	
<b>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>88. Informal conversations with staff during the site review (encouraged, not required)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No

<p><b>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</b></p>	<p>No text provided.</p>
--	--------------------------

**Documentation Sampling**

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p><b>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b></p>	<p><input checked="" type="radio"/> Yes <input type="radio"/> No</p>

<p><b>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</b></p>	<p>No text provided.</p>

**SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY**

**Sexual Abuse and Sexual Harassment Allegations and Investigations Overview**

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual abuse</b>	4	0	4	0
<b>Staff-on-inmate sexual abuse</b>	13	0	13	0
<b>Total</b>	17	0	17	0

<b>Staff-on-inmate sexual harassment</b>	10	0	10	0
<b>Total</b>	12	0	12	0

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

#### 94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

Through interviews with offenders and staff and review of offender and personnel files, review of facility and agency protocols and a facility tour, it is evident that this facility interweaves requirements of PREA in their daily protocols. Both offenders and staff could speak to facility PREA practices and protocols being used as is described in the agency's Offender Sexual Abuse and Sexual Harassment Policy.

Site Review Observation:

During the tour, multiple informal interviews were conducted with offenders and personnel. Offenders stated they were aware of PREA and how to report through information posted in their dorms. Informal interviews with staff demonstrated each was aware they would immediately report allegations to their supervisor or up the chain of command and keep victims separated from offenders until a supervisory staff could respond.

During the tour of the facility, the Auditor witnessed postings in the visitation area and offender living units to include the PREA Ways to Report, End the Silence, Contact Advocate and Help Prevent Prison Sexual Violence brochures and flyers.

Offender dorms are primarily two tiers with individual wet cells and one shower on each tier. Toilets in offender cells are out of direct line of sight of persons passing by and other offenders. Each shower was equipped with a shower curtain, providing privacy while showering. Sheets near or on shower doors were witnessed during the tour, which created a natural blind spot. In the offender work dorm, offenders cell doors are closed manually as opposed to being operated by the control booth, allowing offenders to leave doors unlocked, if they chose. In the hallways of offender living quarters a control booth was observed between every two living units which is

manned 24 hours a day. Also in hallways are Sergeant and support staff offices as well as staff bathrooms and canteens. During the tour of the canteen one staff and one offender were witnessed working in the canteen.

The dining hall, kitchen and storage areas were observed and found to be staffed by offender and facility workers. The large dining hall and kitchen were clean and organized as were storage areas other than stacks of goods appeared to be stacked where camera view could be obscured.

The facility is equipped with over 400 cameras allowing for video surveillance throughout the facility. Facility cameras were reviewed in the Captains office and all appeared to be operable. If cameras do go out of service, depending on the location of the camera, repair can be conducted remotely, or an electronic work order is completed which is typically conducted within the same week.

Recommendations:

- Leave canteen doors open or have a check in / check out system in place when one staff and one offender working in the area alone together. Facility response: Sign in and sign out logbooks were created and placed in each canteen along with a memo being distributed to all areas advising them of new process. Uploaded memo named Canteen memo and sign in out sheet named Canteen sign-out sheet.
- Ensure offender doors are closed when they enter their cells to eliminate free movement in and out of cells. Facility response: Updated unit rules and cell inspection sheet in Unit 5. Sent memo via the offender's tablets advising them of requirement to keep doors secured at all times to restrict free movement. Uploaded copy of memo sent through offender's tablets named Unit rules and cell inspection notification, rules named Offender unit rules, and inspection sheets named Cell inspection.
- Remove sheets hanging in units near showering areas. Facility response: Facility working on plan to resolve.
- Ensure stacks in dry storage do not block camera view. Facility response: Uploaded photos named Kit Dry Storage Sign and Dry Storage 1 through 5 showing camera view was not blocked.

(a) The Central Prison PAQ states the agency Safe Prisons/PREA Plan mandates zero-tolerance toward all forms of sexual abuse and sexual harassment in the facility it operates and those directly under contract.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 5, section .3404, states, "The North Carolina Department of Adult Correction is committed to a standard of zero-tolerance of sexual abuse and sexual harassment toward offenders, either by staff, contractors, volunteers, or by offenders (5-ACI-3D-14). Therefore, it is the policy of Prisons to provide a safe, humane and appropriately secure environment, free from the threat of sexual abuse and sexual harassment for all offenders, by maintaining a program of prevention, detection, response, investigation, prosecution and tracking."

(b) The Central Prison PAQ states the agency employs or designates an upper-level, agency-wide PREA Coordinator. The position of the PREA Coordinator in the agency's organizational structure is the PREA Director.

The facility provided a NC Department of Adult Correction Organization Chart. Page 2 of the organization chart demonstrates the PREA Director is in the agency organizational chart and reports directly to the Professional Standards Deputy Secretary.

(c) The Central Prison PAQ states the facility has designated a PREA Compliance manager. The PREA Compliance Manager has sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards.

The facility provided a NCDPS Memorandum, RE: Designation of PREA Compliance Manager(s) by the Facility Administrator, stating, "As required by PREA Standards § 115.11 (c), I have designated the below listed staff as the primary and alternate PREA Compliance Manager for this facility, Designees have sufficient time and authority to coordinate this facility's efforts to comply with the PREA standards." The Facility Compliance Specialist is the primary and the Correctional Captain III is the secondary designated PREA Compliance Managers.

The facility provided a Central Prison Chain of Command. The Chain of Command demonstrates the Safety Officer Facility Compliance Specialist reports directly to the Incident Commander / Warden.

Through such reviews, the facility meets the standard requirements.

Interviews:

1. Correctional Officers
2. Captain
3. Warden
4. PREA Director / Head of Agency

Interviews with Correctional Officers demonstrate Sergeants, Lieutenants and Captains complete unannounced rounds throughout their shifts and those unannounced rounds are documented on the shift narratives.

The interview with the Captain demonstrated she conducts unannounced rounds in all areas of the facilities, ensures cameras are working, ensures victims and or aggressors are not working in job assignments where offenders may be secluded. The Captain stated she checks in transgender offenders asking them if they are okay and or in need of clothing or other safety considerations to include ensuring their cells are in direct view of Correctional Officers.

The interview with the Warden demonstrated he reviews the Staffing Plan Analysis annually in collaboration with the PREA Office. The Warden I was aware the plan would be updated throughout the year should the facility complete any major modifications or when additional cameras may be added for security purposes.

The interview with the PREA Director demonstrated the Regional Office is responsible for constructing and complying with facility staffing plans.

Site review observation:

During the tour of the facility, facility narratives were reviewed in the Records office. Unannounced rounds are documents in a specific location of each Narrative Report demonstrating each are documented throughout the day, afternoon, evening and morning hours of most days of each week. During the tour, Sergeants and Lieutenants were observed in Offender living units and hallways, often.

(a) The Central Prison PAQ states the agency requires the facility to develop, document and make its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect inmates against abuse. Since August 20, 2012, or last PREA audit, whichever is later, the average daily number of inmates is 945. The average daily number of inmates on which the staffing plan was predicated is 945.

The facility provided a NCDAC Staffing Plan Analysis - Central Prison. The analysis demonstrates the following plan and review areas:

Interviews:

3. Receiving Officer
4. Facility Compliance Specialist / PREA Compliance Manager
5. Captain
6. Warden

Interviews with offenders demonstrated each believes the search and urinalyses procedures to be conducted respectfully by all staff. All offenders interviewed were asked if they felt sexually safe in the program and each stated they felt safe. Targeted offenders stated they were aware of and had the option to shower during designated times. Targeted offenders stated they believed they were housed appropriately and felt safe around the population in their housing units.

Interviews with female Correctional Officers demonstrated each had been trained in cross gender and transgender pat down searches and most had conducted cross gender pat searches.

The interview with the Receiving Officer demonstrated offenders are searched when entering the facility and or returning from an offsite appointment. Offenders turn in a full circle next to a standing metal detector, then walk through two metal detectors and are then walked down a hall to the search room where two officers to one offender enter for the search.

Site Review Observation:

During the tour the intake search area was observed to be off of a hallway where several holding cells are housed. There are no cameras in the search room and cameras in the hall are not able to view inside the search room. Many of the holding

cells in this area do not block the view of those passing through the halls and or entering through the sally port entrance. In addition, cameras reviewed demonstrated wet cells in many of the areas in the facility are not blocked from camera view and or opposite gender staff.

Action Plan:

- Pixel cameras over toileting areas to ensure offenders cannot be viewed through camera view. Facility response: Cameras throughout mental health, medical, receiving, diagnostics, radiology, urgent care, clinics, etc. were pixelated to obstruct the opposite gender view.

- Place film on bottom of windows to ensure offenders cannot be viewed by the opposite gender. Facility response: Film was placed on windows to ensure offenders cannot be viewed by opposite gender.

- Take pictures of areas corrected once action plan corrected. Facility uploaded 54 photos of tinted windows and pixelated camera view photos demonstrating toileting areas are blocked from opposite gender view either in person or through camera monitoring.

(a) Central Prison PAQ states the facility does not conduct cross-gender strip or cross-gender visual body cavity searches of their Inmates. In the past 12 months zero cross-gender strip or cross-gender visual body cavity searches of offenders.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 9, section B. a., states, "Each ACJJ facility shall limit cross-gender viewing and searches by: a) Not conducting cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners."

(b) Central Prison PAQ states this standard is not applicable as females are not housed at the Central Prison.

(c) Central Prison PAQ states the facility policy requires that all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches be documented and justified.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 9, section B. c., states, "Documenting all cross-gender strip searches and cross-gender visual body cavity searches and documenting all cross-gender pat-down searches of female offenders, residents, and safekeepers."

(d) Central Prison PAQ states the facility has implemented policies and procedures that enable Inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). Policies and procedures require staff of the opposite gender to announce their presence when entering an inmate housing unit.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 9, section B. d., states, "Implementing policies and procedures that enable offenders, residents, and safekeepers to shower, perform bodily functions, and change clothing without nonmedical employees of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require employees of the opposite gender to announce their presence when entering an offender, resident, and safekeeper housing unit."

The facility provided Central Prison Shift Narrative, 1st Shift A-B, 2nd Shift A-B, page 2, section Cross Gender Announcements, demonstrates each time a female makes a cross gender announcement, documentation exists on the shift narratives, multiple times throughout the shifts.

(e) The Central Prison PAQ states the facility has a policy prohibiting staff from searching or physically examining a transgender or intersex Inmate for the sole purpose of determining the Inmate's genital status. Such searches did not occur in the past 12 months.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 9-10, section B. e., states, "Prohibiting searching or physically examining transgender or intersex offenders, residents, and safekeepers for the sole purpose of determining their genital status. If the offender, resident, or safekeeper's genital status is unknown, it may be determined during conversations with them, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner."

(f) The Central Prison PAQ states 100% of security staff at each facility receive training on conducting cross-gender pat-down searches and searches of transgender and intersex inmates in a professional and respectful manner.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 10, section B. f., states, "Training applicable employees in how to conduct cross-gender pat-down searches, and searches of transgender and intersex offenders, residents, or safekeepers, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs."

The facility provided NCDPS Safe Search Practices. Training objectives include the following.

1. Define safe search practices as it relates to prison operations.
2. Identify six (6) types of operational searches conducted by officers to control contraband.
3. Identify the attitude an officer should have when inspecting for contraband.
4. Identify the three (3) types of individual searches.
5. Identify the five (5) rules to follow when conducting a body search.
6. State the three (3) areas on a person that are common places to hide contraband.
7. Identify things to avoid while conducting a routine body search.
8. After instructor demonstration, trainees will conduct a routine body search.
9. Describe the proper techniques for conducting a complete body search.
10. State who is authorized to conduct body cavity searches.
11. Describe the proper techniques for conducting a building and living quarter's search.
12. Describe the techniques used in the care of inmate property.
13. State the final action to be taken after the completion of a search.
14. List proper control of evidence.
15. State how correctional staff can control the flow of contraband inside the facility.

	<p>The facility provided a Training Progress Summary Pie Chart – SOP In-Service – Safe Search Practices with a training date range of 6.1.2018 through 6.16.2023. This document demonstrates 100%, 387 security staff have completed Safe Search Practices training within the date range specified.</p> <p>Through such reviews, the facility meets the standard requirements.</p>

Site Observation:

Through utilization of the PREA Audit Adult Prison & Jail Documentation Review Inmate File / Records Review template demonstrated 12 of 30 offenders have been admitted into the program in the past 12 months. Of those 12 offenders, 11 had received PREA education within 72 hours of intake to include orientation and comprehensive education.

(a) The Central Prison PAQ states Inmates receive information at time of intake about the zero-tolerance policy and how to report incidents or suspicions of sexual abuse or sexual harassment. The number of inmates admitted in the past 12 months who were given this information at intake was 2048.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 10, section (d) Offender Education, 1-2, state,

Document Review:

1. Central Prison PAQ
2. NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, dated 6.9.2022
3. NCDPS OPA-S010 Screening for Risk, dated 10.18.2021

Interviews:

1. Random Offenders
2. Targeted Offenders
3. Correctional Program Supervisor

Interviews with offenders demonstrated most had remembered being asked risk questions during the intake process and could remember being asked like questions again within two to three weeks of their intake date.

Interviews with the Correctional Program Supervisor demonstrated that she completes risk assessments within 24 hours of admittance to the program and again within 30 days of intake. The Correctional Program Supervisor stated she assesses safety and security, high risk for victimization and abusiveness, job assignment, makes sure each is not placed in poisons where they can be isolated or in high traffic areas such as the warehouse, during the screening process.

Site Observation:

Through utilization of the PREA Audit Adult Prison & Jail Documentation Review Inmate File / Records Review template demonstrated 12 of 30 offenders have been admitted into the program in the past 12 months. Of those 12 offenders, 11 had completed risk assessments within 72 hours of intake and again within 30 days of admission into the facility.

(a) The Central Prison PAQ states the facility has a policy that requires screening, upon admission or transfer, for risk of sexual abuse victimization or sexual abusiveness toward other Inmates.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 11-12, section (e) General Provision, (1)(A) states,

“Screening for risk of victimization and abusiveness:

Diagnostic Services staff shall conduct screening to determine an offender’s risk of being sexually abused by other offenders or their risk of being sexually abusive towards other offenders (5-ACI-3D-12, 5-ACI-3D-13). The screening shall use an objective screening instrument that obtains the following minimum biographical data about the offender:

- (vi) Whether the offender has prior convictions for sex offenses against an adult or child;
- (vii) Whether the offender is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
- (viii) Whether the offender has previously experienced sexual victimization;
- (ix) The offender’s own perception of vulnerability; (x) Whether the offender is detained solely for civil immigration purposes; and
- (x) The initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the agency, in assessing offenders for risk of being sexually abusive.”

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 12, section (G), states, “Upon transfer to another facility, within 24 hours, the PCM and/or OIC shall review an offender’s risk of victimization and abusiveness by reviewing the dashboard and acknowledging housing placement is appropriate.”

(b) The Central Prison PAQ states the number of inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 72 hours or more) who were screened for risk of sexual victimization or risk of sexually abusing other inmates with 72 hours of their entry into the facility was 2008, 100% of inmates. Policy compliance can be found in provision (a) of this standard.

(c-e) The Central Prison PAQ states the facility conducts risk assessments by using an objective screening instrument. The facility does not house offenders solely for civil immigration purposes.

The facility provided a NCDPS OPA-S010 Screening for Risk. The screening includes the following components:

C. Alerts and Referrals

1. An automatic referral is made to mental health when there is a “Yes” response to any question 1-6.”

(f) The Central Prison PAQ states the policy requires that the facility reassess each inmate’s risk of victimization or abusiveness within a set time period, not to exceed 30 days after the inmate’s arrival at the facility, based upon any additional, relevant information received by the facility since the intake screening. The number of inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 30 days or more) who were reassessed for their risk of sexual victimization or of being sexually abusive with 30 days after their arrival at the facility based upon any additional relevant information received since intake was 307. During the pre-audit phase the PREA Compliance Manager was asked why only 25.3% of offenders were reassessed. NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 12, section (F), states, “Within a set time period, not to exceed 30 days from the offender’s arrival at the facility, the facility will reassess the offender’s risk of victimization or abusiveness based upon any additional, relevant information received by the facility since the intake screening.”

(g) The Central Prison PAQ states the policy requires that an inmate's risk level be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 13, section (H), states, “An offender’s risk level shall be reassessed when warranted due to a referral, request, incident of sexual abuse and/or sexual harassment, or receipt of additional information that bears on the offender’s risk for sexual victimization or abusiveness.”

Interviews with targeted inmates demonstrated care and concern regarding their safety is addressed. Gay, bisexual and transgender offenders were interviewed and each stated their housing units were of a mix of a good group of offenders and each felt comfortable with their placement in the facility.

Interviews with the Administrative personnel demonstrated the Programs staff, PREA Compliance Manager, Captain, Diagnostics / Classification, Mental Health, Medical and the Warden are the only departments who are granted access to offender completed risk assessment. The PREA Compliance Manager stated she reviews High Risk Aggressors and High Risk Victims reports twice weekly to ensure the prison jail management system, OPUS, has classified and placed offenders appropriately throughout the programmatic day.

The interview with the PREA Director demonstrated the agency has a Transgender Accommodation Review Committee that reviews all special requests from individual transgender inmates. In addition, the PREA Director stated the agency system will not allow potential victims and potential aggressors to be placed in work or education assignments at the same time, preventing any possible ongoing victimization and or perpetration incidents from taking place.

Site Observation:

Review of staff protocols and inmate placement in particular dorms and dorm placement demonstrated thought and consideration is placed on inmates who could be considered victims and or aggressors in order to ensure sexual safety throughout the facility.

(a) The Central Prison PAQ states the facility uses information from the risk screening required by §115.341 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. The PAQ states, "OPUS system prompts eligibility for jobs based on classification process and risk assessment."

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual

Harassment Policy, page 13-14, section (3) Use of screening information, (C) states, "Any information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by Federal, State, or local law."

The facility provided a IJ02 Screen Example which has a comment stating, Offender Not Eligible For Job."

(b) The Central Prison PAQ states the agency/facility makes individualized determinations about how to ensure the safety of each inmate. Policy compliance can be found in provision (a) of this standard. The PAQ states, "TARC/Multi-Disciplinary team meets to discuss recommendations."

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section 3 (B)(iv), states, ") The facility shall make individualized determination for bed assignments, based on facility housing designs, to ensure the safety of each offender."

(c) The Central Prison PAQ states the agency/facility makes housing and program assignments for transgender, or intersex inmates in the facility on a case-by-case bases.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (E) states, "In deciding whether to assign a transgender or intersex offender to a facility for male or female offenders, and in making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the offender's health and safety, and whether the placement would present management or security problems."

(d) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (F) states, "Placement and programming assignments for each transgender or intersex offender shall be reassessed by the case manager at least twice each year to review any threats to safety experienced by the offender."

(e) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (G) states, "A transgender or intersex offender's own views with respect to his or her own safety shall be given serious consideration."

(a) The Central Prison PAQ states the agency has an administrative procedure for dealing with Inmate grievances regarding sexual abuse.

NCDAC Policy & Procedures Chapter G.0300 Administrative Remedy Procedure, page 1, section (a)-(d), state, “

a. “The policy of the North Carolina Department of Adult Correction is to provide inmates an opportunity for administrative settlement of legitimate grievances. Most grievances can be resolved quickly through informal communication with responsible authorities at the facility in which the problem arose. An inmate should be encouraged to use this method prior to the initiation of a formal grievance. When this method is not possible, the Department of Public Safety seeks to reduce tension and provide a stable atmosphere by providing formal channels of communication of grievances.

b. A grievance is a written complaint by an inmate on the inmate's own behalf concerning an action, incident, policy, or condition within the facility or within Prisons as a whole.

c. The Administrative Remedy Procedure shall afford a successful grievant a meaningful remedy to include but not be limited to, an order requiring that specific action be taken, modification of Prisons policy, restoration or restitution for personal property, and such other remedies that will meaningfully resolve the grievance presented.

d. Employees who intentionally obstruct the grievance process shall be subject to disciplinary action.”

(b) The Central Prison PAQ states agency policy or procedure allows an inmate to submit a grievance regarding an allegation of sexual abuse at any time, regardless of when the incident is alleged to have occurred.

NCDAC Policies & Procedures Chapter G Section .0300, page 6, section (c) 1-3, states, “

1. immediately forward the grievance (or any portion thereof that alleges such substantial risk) to a level of review at which immediate corrective action can be

taken,

2. provide an initial response with 48 hours, and
3. issue a final agency decision with 5 calendar days.

The initial response and final agency decision shall document the agency's determination that the inmate is at substantial risk of imminent sexual abuse about, and the action taken in response to the emergency grievance."

(c) The Central Prison PAQ states the agency's policy and procedure allows an inmate to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint. The agency's policy and procedure require that an inmate grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint.

NCDAC Policies & Procedures Chapter G Section .0300, page 3, section .0305 Screening Officer, states, "Facility Heads will appoint one or more screening officers to review grievances and decide whether they should be accepted or rejected under the criteria set forth in Sections .0304 and .0306 herein. Facility Heads may designate screening officers or screen grievances themselves. The appointment of fair and knowledgeable screening officers will ensure compliance with the grievance procedure and facilitate mediation of grievances at the facility level. No employee who appears to be involved in a grievance shall participate in any capacity in the resolution process, except as a witness where necessary. In addition, no employee who appears to be involved in an inmate sexual abuse or harassment allegation shall accept a grievance which suggests such personal involvement or shall participate in any capacity in the response to the grievance."

NCDAC Policy & Procedures Chapter G.0300 Administrative Remedy Procedure, page

4, section .0307 Time Limits (a), states, "From filing to final disposition, all grievances shall be processed within ninety (90) days. For purpose of counting days under the grievance procedure, all references to days shall be interpreted to mean calendar days. The 90-day period commences the day after the grievance has been accepted."

NCDAC Policy & Procedures Chapter G.0300 Administrative Remedy Procedure, page 5-6, section .0307 Time Limits (5)(6), state,

4. "If at any level of the administrative remedy process, including the final level, the inmate does not receive a response within the time provided for reply, including any properly noticed extension, the absence of a response shall be a denial at that level which the inmate may appeal, but the 24 hours' time limit to request an appeal does not begin until the inmate receives a written denial.

5. Prisons may grant an extension of time to respond for up to 70 days, if the normal time period for response is insufficient to make an appropriate decision. The agency shall notify the inmate in writing of any such extension and provide a date by which a decision will be made."

The facility provided a NCDAC Correspondence Tracking System - Grievance Report demonstrating the facility has had 34 PREA related grievances submitted from 7.1.2022 through 6.13.2023.

(e) The Central Prison PAQ states agency policy and procedure permit third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse and to file such requests on behalf of inmates. If a third party submits a grievance on behalf of an inmate, the facility may require, as a condition of processing the grievance, that the alleged victim agree to have the grievance submitted on his or her behalf and also may require the alleged victim personally to pursue any subsequent steps in the grievance process. If the inmate

declines to have the grievance processed on his or her behalf, the facility shall document the inmate's decision. (A)

If the inmate declines to have the grievance processed on his or her behalf, the facility shall document the inmate's decision."

(f) The Central Prison PAQ states the facility has a policy and established procedures for filing an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse. The facilities policy and procedures for emergency grievances alleging substantial risk of imminent sexual abuse require an initial response within 48 hours. 3. issue a final agency decision with 5 calendar days.

The initial response and final agency decision shall document the agency's determination that the inmate is at substantial risk of imminent sexual abuse about and. the action taken in response to the emergency grievance."

(g) The Central Prison PAQ states the facility has a written policy that limits its ability to discipline an inmate for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the Inmate filed the grievance in bad faith. In the past 12 months, there have been zero grievances alleging sexual abuse to occasions where the agency demonstrated that the Inmate filed the grievance in bad faith.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual

	<p>Harassment Policy, page 31, section (4) Offenders, (e), states, "For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation."</p> <p>Through such reviews, the facility meets the standard requirements.</p>

- What is Victim Advocacy
- How Advocates Can Help Sexual Abuse Victims
- An advocate might:
- An advocate CANNOT:
- InterAct’s 24/7 Sexual Assault Crisis Line and Toll Free numbers
- Mailing address

(b) The Central Prison PAQ states the facility informs Inmates, prior to giving them access to outside support services, the extent to which such communications will be monitored. The facility informs inmates, prior to giving them access to outside support services, of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply for disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant Federal, State, or local law.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 23, section (F), states, “The facility shall inform the offenders, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.”

(c) The Central Prison PAQ states the facility maintains memoranda of understanding with community service providers that are able to provide inmates with emotional support services related to sexual abuse.

The facility provided a Memorandum of Understanding between Central Prison and

Family Violence Prevention Center dba, InterAct. Page 1, third paragraph of the MOU states, "WHEREAS, InterAct is the sexual assault victim assistance provider in Wake County, and it provides services to victims of sexual assault such as confidential free individual and group counseling; assistance with the development of safety plans, and access to information regarding, and referrals to, other available resources." The term of the agreement expires on 12.9.2023 and is signed and dated by the facility Warden on 12.9.2022 and a representative of the Family Violence Prevention Center on 12.12.2022.

On 6.20.2023 at 12:58 pm, this Auditor contacted InterAct at 919.828.3005 at address 1012 Oberlin Road, Suite 100, Raleigh, NC 27605. The answering service asked the Auditor for her first and last name and a safe call back number. After proper introductions and the reason for the call, the operator stated she would have an advocate return the call.

An advocate returned the call, the same day at 1:24 p.m. The advocate stated the agency was aware of the memorandum of understanding with Central Prison. The advocate stated the agency does provide emotional support services to offenders at the prison. When asked if the advocate would meet offenders at the hospital, the advocate was unsure and stated she would forward the call to their nurse at the Solace Center.

6.20.2023 Director, does have an agreement, would follow up with any survivors, can contact on the 24-hour crisis line, can advocate on their behalf in person, through writing and or on the phone, directly. We spoke about no address on brochures and the Director stated that was a good question and no reason why wouldn't share the address. The Director stated she would contact the PREA Compliance Manager. Could definitely meet the victim at the hospital and currently working with the eight hospitals on what that would look like and get their advocates back in the hospitals and currently don't have infrastructure at this point.

Through such reviews, the facility meets the standard requirements.

Interviews with Correctional Officers and facility personnel demonstrated each would accept a third-party report and report the allegation to their immediate supervisor as soon as possible.

Site Observation:

During the tour of the facility, standardized PREA information was observed to be posted in Offender living units to include third party reporting information. (a/d) The Central Prison PAQ states the agency requires all staff to report immediately and according to agency policy any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency. The agency requires all staff to report immediately and according to agency policy any retaliation against Inmates or staff who reported such an incident. The agency requires all staff to report immediately and according to agency policy any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.

(b) The Central Prison PAQ states, apart from reporting to designated supervisors or official and designated state or local service agencies, agency policy prohibits staff from revealing any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment, investigation, and other security and management decisions.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 33-34, section (k), states, “CONFIDENTIALITY: The Facility Investigator and all others involved in the PREA process, to the extent possible, will ensure the confidentiality of PREA complaints as well as all data collected through the investigation of those complaints except as required in the following circumstances: (1) to cooperate with law enforcement in any investigation and prosecution of the incidents alleged in such complaints; (2) to take and enforce disciplinary action against any staff member as a result of the incidents alleged in the complaints; (3) to defend against claims brought by the offender for violation of the offender’s rights for having been subjected to sexual abuse; and (4) to otherwise comply with the law.”

Site Observation:

Review of investigations by utilizing the PREA Audit – Adult Prisons & Jails Documentation Review – Investigations template demonstrated two of 10 investigations reviewed during the onsite review were interviewed in restrictive housing, who also had written letters to the Auditor. Of those investigations neither demonstrate the offender was in restricted housing for more than 30 days or that the offender was not provided privileges.

(a) The Central Prison PAQ states when the agency or facility learns that an inmate is subject to a substantial risk of imminent sexual abuse, it takes immediate action to protect the Inmate. In the past 12 months, the facility reports zero inmates were subject to substantial risk of imminent sexual abuse. Upon discovery of inmates being subject to substantial risk, the facility immediately separates the victim from the perpetrator, made notification and completed incident reporting requirements.

NCDAC Policy: PREA Reporting, DAC-PREA-200, page 5, section E., states, “When an employee, volunteer, contractor, or custodial agent learns that a person in confinement, resident, or safekeeper is subject to a substantial risk of imminent sexual abuse, immediate action shall be taken to protect the person in confinement, resident, or safekeeper.”

	Document Review:

1. Central Prison PAQ

2. NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, dated 6.9.2022

Interviews:

1. Correctional Officers

Interviews with Correctional Officers demonstrated they were aware of their first responder responsibilities. If sexual abuse occurred, Correctional Officers stated they would immediately stop abuse, separate victims and perpetrators, make sure the victim was kept separate from the aggressor and each felt safe, not allow them to drink, wash, change clothing or disturb evidence in any way, close off the area until supervisory staff arrived.

(a) The Central Prison PAQ states the agency has a first responder policy for allegations of sexual abuse. The policy requires that, upon learning of an allegation that an inmate was sexually abused, the first security staff member to respond to the report shall be required to separate, preserve, protect, collect physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.

In the past 12 months, 14 allegations occurred where an inmate was sexually abused. Of these allegations, the number of times the first security staff member to respond to the report separated the alleged victim and abuser was 14. In the past 12 months, there was one allegation where staff were notified within a time period that allowed for the collection of evidence. Of these allegations in the past 12 months where staff were notified within a time period that still allowed for the collection of physical evidence, the number of times the first security staff member to respond to the report preserved and protected any crime scene until appropriate steps could be taken to collect any evidence was one. Of these allegations in the past 12 months where staff were notified within a time period that still allowed for the collection of physical evidence, the number of times the first security staff member to respond to the report requested that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating was one. The PAQ states, "Alleged Abuser was not identified by victim."

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 20-22, section (3)(A), states, "Upon learning of an allegation that an offender was sexually abused, the first security staff member to respond to the report shall be required to:

i. Take necessary steps to separate the alleged victim and abuser. If the Facility Head, in consultation with the PREA Support Person, determines that the safety of the offender victim requires placement in administrative segregation, then:

- Such restrictive housing shall be administered in accordance with the applicable policies and procedures for restrictive housing for administrative purposes.

- The Warden has the discretion regarding how separation occurs, who is moved, and where. Should the alleged victim be placed in restrictive housing, then an analysis of 1) information from the Preliminary Review to include the type of allegation, 2) prior complaints filed against the alleged abuser, 3) will the movement appear punitive toward an alleged victim shall be considered, and 4) documentation of the decision to move the alleged victim.

- The Region Director and the DPS PREA Office shall be notified of the use of restrictive housing and the reasons therefore.

- To the maximum extent possible, the offender victim while in restrictive housing for administrative purposes shall have the same privileges of access to the canteen, telephone, visitation and property as they were afforded prior to reporting.

- Within 3 business days of the offender victim's release from restrictive housing for administrative purposes, the Warden or designee will return the offender victim to the gain time job assignment the offender victim had prior to period of restrictive housing for administrative purposes, if available. If, for operational reasons, the offender victim's prior job assignment is unavailable, the Warden or designee will place the offender victim in another gain time job assignment that is at least equal to the prior gain time job assignment.

- The Warden or designee will notify the Region Director in writing, that the offender victim has either been returned to prior job assignment or placed in equivalent one.

- Within three business days of the receipt of the written notification from the Warden or designee, the Region Director, or their designee will request in writing to the Director of Rehabilitative Services that the offender victim's gain time be restored.

- When offender victim is released from restrictive housing, whenever possible shall be allowed to return to previously assigned housing unit unless, in the discretion of the Warden, doing so exposes the offender to an increased risk to the offender victim's safety and security or the orderly operation of the facility."

(b) The Central Prison PAQ states the facility's policy requires that if the first staff responder is not a security staff member, that responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and notify security staff. Of the allegations that an inmate was sexually abused made in the past 12 months, the number of times a non-security staff member was the first responder was zero.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 22, section (3) First Responder, (B) states, "If the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence, and then notify security staff."

Through such reviews, the facility meets the standard requirements.

write ups, housing and job assignment changes and check in with the offender every 30 days for as long as necessary.

Site Observation:

Of the 10 investigations reviewed during the onsite review, five were sexual abuse and of those five, four had documented retaliation monitoring as one did not name a victim.

(a) The Central Prison PAQ states the agency has a policy to protect all inmates and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other inmates or staff. The agency designates staff member(s) or charges department(s) with monitoring for possible retaliation. The facility designates the PREA Support Personnel for retaliation monitoring.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 31, section (g)(1) -(2), state, "Retaliation: Retaliation against staff or offenders making an allegation of offender sexual abuse or sexual harassment is prohibited.

(1) Offender monitoring - see section .3406 (f)5 victim support.

(2) Staff monitoring - see section .3406 (f)6 PREA compliance manager."

The facility provided an NCDPS Prison Rape Elimination Act (PREA) Offender/Juvenile Retaliation Monitoring and Period Status Checks Form OPA-124. This form states, "periodic status checks are required." "Note: It is recommended that periodic status checks be documented in this section at a minimum of every 30 days." The form provides an area to include the date, comments and PSP Initials, signs of retaliation, yes or no and any additional comments.

(b) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 24, section (I)(v), states, "Continue monitoring for a minimum of 90 days or beyond 90 days if the initial monitoring indicates a continuing need."

(c) The Central Prison PAQ states the facility monitors the conduct or treatment of inmates or staff who reported sexual abuse and of inmates who were reported to

have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by inmates or staff. The length of time that the facility monitors the conduct of treatment is 90 days. The facility acts promptly to remedy any such retaliation. The agency/facility continues such monitoring beyond 90 days if the initial monitoring indicates a continuing need. In the past 12 months, the facility has had zero incidents of retaliation.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 24, section (I)(i)(ii), state,

i. “Upon notification of a Sexual Abuse or Sexual Harassment allegation the PSP will initiate monitoring the alleged victim and offender who reported the allegation or cooperated with officials during the investigation.

ii. The PSP shall monitor retaliation against the victim and the offender who either report allegations, or cooperate with investigations, of sexual abuse or sexual harassment.”

(e) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 22, section (I) Monitor for Retaliation, (ii), states, “In the case of offenders, such monitoring shall also include periodic status checks.”

(f) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 24, section (I) Monitor for Retaliation, (v), states, “Termination of monitoring prior to minimum of 90 days requires:

Interviews:

1. Targeted Offenders
2. Sergeant
3. Warden

Interviews with one offender in restricted housing demonstrated he was offered PREA education, understood his rights, was offered and had access to mental health, and was allowed privileges such as his tablet, being able to write letters as he did during the pre and post audit phases.

Interviews administrative staff demonstrated aggressors of sexual abuse would be placed in restricted housing, typically for less than 30 days. If offenders are in restricted housing longer than 30 days, they are notified verbally by the Investigator or Sergeant and those meeting notes are documented in the Case Manager section of OPUS. Once in restricted housing aggressors are treated like all other offenders and privileges and programming is not limited. If privileges and programming is limited, offenders are made of aware of those reason verbally by the either the Investigator or Sergeant.

(a) The Central Prison PAQ states the agency has a policy prohibiting the placement of inmates who allege to have suffered sexual abuse in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no available alternative means of separation from likely abusers. The number of inmates who allege to have suffered sexual abuse who were held in involuntary segregated housing in the past 12 months for one to 24 hours awaiting completion of assessment was zero.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 27, section (7)(A)(5) states, "Alleged offender abuser - A determination shall be made, based upon the amount of time that has passed since the alleged incident and the possibility of evidence still existing, as to whether the alleged offender abuser, if known, should be placed in a restrictive housing cell to preserve forensic evidence.
