42. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	The facility provided offender rosters on the morning of the onsite review. Targeted Inmate/Resident/Detainee Interviews	
45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	3

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

47. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:

☐ The inmates/residents/detainees in this targeted category declined to be interviewed.

b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).

After reviewing facility offender rosters and conducting interviews with specialized staff, it did not appear that this category of offender was residing at the facility during the onsite review.

48. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:

SITE REVIEW AND DOCUMENTATION SAMPLING	
Site Review	
PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.	
71. Did you have access to all areas of the facility?	☒ Yes ☐ No

Was the site review an active, inquiring process that included the following:

72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?

73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?

☐ No

76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).

No text provided.

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?

☒ Yes
☐ No

78. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).	No text provided.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	Document Review: - Wake Correctional Center PAQ - NCDAC Division of Prisons Policy and Procedure: Chapter F. 3400, dated 6.9.2022 - NC Department of Adult Correction Organization Chart, dated 1.16.2025 - Wake Correctional Center 4265 Organizational Chart, not dated - NCDAC PREA Facility Compliance Manager Designation, not dated Interviews: - Random Offenders

2. Targeted Offenders
3. Correctional Officers
4. Program Personnel
5. Facility Compliance Manager / PREA Compliance Manager
6. PREA Coordinator
7. Interim Warden

Through 20 formal and six informal interviews with offenders, 12 formal interviews with random staff, 13 specialized staff interviews, review of offender and personnel files, review of facility and agency protocols and a facility tour, it is evident that this facility interweaves requirements of PREA throughout their daily protocols. Both offenders and staff could speak to facility PREA practices being used as is described in the agency PREA policies.

Formal interviews with offenders demonstrated 19 of 20 interviews resulted in offenders stating they feel sexually safe in the facility and searches are conducted respectfully by staff members. The one offender who stated he did not feel safe or thought searches were respectable could not provide solid reasoning as to why.

Interviews with offenders resulted in the following unsolicited positive comments.

- Never had any kind of trouble with PREA
- Officers are glad to help you get grievances

Interviews with staff resulted in the following unsolicited positive comments.

- I provide a safe space so they can report to us
- Treat them all the same
- Not reporting or saying anything is not a good thing
- If they don't feel safe talking to me I some one they do feel comfortable with.

The interview with the PREA Coordinator demonstrated oversight of PREA Compliance Managers is conducted through informational emails, scheduled meetings, informational memorandums, FAQ updates, mock audits, and onsite visits from PREA and Regional personnel.

Site Observation:

During the tour of the facility, PREA Audit Notices and standardized PREA bulletin boards with information regarding the agency zero tolerance policy, reporting information, offender rights and advocate contact information was observed in offender dorm hallways, classrooms, administrative areas, and visitation areas.

(a) The Wake Correctional Center PAQ states the agency Safe Prisons/PREA Plan mandates zero-tolerance toward all forms of sexual abuse and sexual harassment in the facility it operates and those directly under contract.

NCDAC Division of Prisons Policy and Procedure: Chapter F. 3400, page 5-6, section Policy, states, "NCDAC is committed to a standard of zero-tolerance of sexual abuse and sexual harassment toward offenders, either by staff, contractors, volunteers, or by offenders (5-ACI-3D-14). Therefore, it is the policy of DOP to provide a safe, humane, and appropriately secure environment, free from the threat of sexual abuse and sexual harassment for all offenders, by maintaining a program of prevention, detection, response, investigation, prosecution, and tracking (5-ACI-3D-08)."

(b) The Wake Correctional Center PAQ states the agency employs or designates an upper-level, agency-wide PREA Coordinator. The position of the PREA Coordinator in the agency's organizational structure is the PREA Director.

The facility provided an NC Department of Adult Correction Organization Chart. Page 1 of the organization chart demonstrates the PREA Director is in the agency organizational chart and reports directly to the Deputy Secretary.

(c) The Wake Correctional Center PAQ states the facility has designated a PREA Compliance manager. The PREA Compliance Manager has sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards.

The facility provided a Wake Correctional Center organizational chart demonstrating the Associate Warden of Operations / PREA Compliance Manager reports directly to the Facility Warden.

	The facility provided a NCDAC PREA Facility Compliance Manager Designation demonstrating the Primary PREA Compliance Manager is the Associate Warden of Operations. Through such reviews of offender knowledge of PREA, standardized PREA postings throughout the facility and staff commentary ensuring offenders are treated fairly, the facility exceeds the standard requirements.

(a-b) The Wake Correctional Center PAQ states the agency does contract with one private agency for confinement services of their inmates. The facility provided a Memorandum of Agreement between the State of North Carolina and the Center for Community Transitions. Page 10, section PREA, contains language demonstrating the facility is required to comply with the Prison Rape Elimination Standards.

NCDAC Wake Correctional Center Staffing Analysis dated 10.2023 5. Unannounced Rounds Log Interviews: 1. Lieutenant / Rounds 2. PREA Coordinator 3. Interim Warden The interview with Lieutenant demonstrated he completes documented unannounced rounds on both shifts as he works between both shifts, in all dorms, kitchen, dining hall, classroom, and the perimeter of the facility. The Lieutenant stated he documents unannounced rounds in each dorm and all other areas are documented in the Shift Narrative. During unannounced rounds the Lieutenant looks to ensure nothing is out of place, talks with offenders about any concerns they may have, opens up a safe place if concerns are private, removes sheets from showers and beds and makes sure mop buckets and chemicals are put away. The interview with the Interim Warden demonstrated the facility has a 28 day schedule, has pull days working off days, will combine shifts together to ensure the facility is able to cover critical posts. The Interim Warden stated the region helps out with transports or the facility can reach out to other facilities if help is needed. The interview with the PREA Coordinator demonstrated meetings are held throughout the year to gather investigation information from each facility for the annual staffing

plan.

Site Observation:

During the tour unannounced rounds were reviewed in each dorm demonstrating rounds are logged in red ink by Sergeants and Associated Wardens multiple times a day, each day on each shift.

Recommendation:

- Replace door locks in the modular classroom to ensure staff have access at all times.

(a) The Wake Correctional Center PAQ states the agency requires the facility to develop, document and make its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect inmates against abuse. Since August 20, 2012, or the last PREA audit, whichever is later, the average daily number of inmates is 173. The average daily number of inmates on which the staffing plan was predicted is 173.

The facility provided an NCDAC Wake Correctional Center Staffing Analysis for 2023 and 2024. The analyses demonstrates the following plan and review areas:

- Conclusion

The staffing analysis is signed by the PREA Director and the facility Warden.

(b) The Wake Correctional Center PAQ states each time the staffing plan is not complied with, the facility documents and justifies deviations.

(c) The Wake Correctional Center PAQ states at least once every year the facility/agency, in collaboration with the PREA coordinator, reviews the staffing plan to whether adjustments are needed in (a) the staffing, (b) the deployment of monitoring technology, or (c) the allocation of agency/facility resources to commit to the staffing plan to ensure compliance with the staffing plan. The facility completes a staffing plan annually to ensure continued compliance and provided a Staffing Plan Analysis for 2023 and 2024.

(d) The Wake Correctional Center PAQ states the facility requires that intermediate level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment.

NCDAC PREA Prevention Planning, Policy DAC-PREA-100, page 8, section 5. 115.15 Limits to cross-gender viewing and searches	
	Auditor Overall Determination: Meets Standard
	Auditor Discussion

Document Review:

1. Wake Correctional Center PAQ
2. NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, dated 1.1.2023
3. NCDAC Cross-Gender Viewing, Announcement, and Acknowledgment, dated 1.12.2023

Interviews:

1. Random Offenders
2. Targeted Offenders
3. Correctional Officers
4. Facility Compliance Manager / PREA Compliance Manager

Interviews with 14 random and 3 targeted offenders demonstrated cross gender announcements were made by female correctional officers and that searches are conducted respectfully by staff. Three random offenders stated announcements were done a percentage of the time and one random offender stated a staff felt his waist band when searching for contraband, therefore he thought that was not respectable but agreed the search was conducted per agency procedure.

Interviews with male and female correctional officers demonstrated each had been trained in cross gender search protocols and transgender and intersex offenders; however, female staff did state they would like to have a refresher and or 'hands-on' cross gender training.

Site Observation:

During the tour, search areas were observed to take place in a bathroom with a full door in the dining hall. The PREA Compliance Manager stated searches are conducted with one staff and one offender with another staff outside the door. The facility has seven housing units with two closed during the onsite review. Each dorm has bathrooms at the back of the dorms with a swinging door for privacy, in addition, each shower has a shower curtain.

Recommendation:

Provide female staff with refresher cross-gender training techniques.

(a) Wake Correctional Center PAQ states the facility does not conduct cross-gender strip or cross-gender visual body cavity searches of their inmates. In the past 12 months there have been zero cross-gender strip or cross-gender visual body cavity searches of offenders.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 8-9, section M. 1-3., state, "Each facility shall limit cross-gender viewing and searches by:

1. Not conducting cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners.
2. Restricting cross-gender pat-down searches of female person in confinement residents, and safekeepers absent exigent circumstances. Facilities shall not restrict the access of female person in confinement residents, or safekeepers to regularly available programming or other out-of-cell opportunities in order to comply with this provision.
3. Documenting all cross-gender strip searches and cross-gender visual body cavity searches and documenting all cross-gender pat-down searches of female person in confinement residents, and safekeepers."

(b) Wake Correctional Center PAQ states this standard is not applicable as females are not housed at the Wake Correctional Center.

(c) Wake Correctional Center PAQ states the facility policy requires that all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches be documented and justified. Policy compliance can be found in provision (a) of this standard.

The facility provided NCDAC Cross-Gender Viewing, Announcement, and Acknowledgment. The acknowledgement states "The NC Department of Adult Correction is required by the national standards to Prevent, Detect, and Respond to Prison Rape Under the Prison Rape Elimination Act (PREA). In accordance with standards §115.15 and §115.215, the agency must implement limits to cross gender viewing and searches." Employees confirm attending this training by attesting to the following. "I acknowledge that I have been oriented and understand the limitations to cross-gender viewing and searches under the standards of the Prison Rape Elimination Act of 2003, agency, and division policies."

(d) Wake Correctional Center PAQ states the facility has implemented policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). Policies and procedures require staff of the opposite gender to announce their presence when entering an inmate housing unit.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 9, section 4., states, "Implementing policies and procedures that enable person in confinement residents, and safekeepers to shower, perform bodily functions, and change clothing without nonmedical employees of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require employees of the opposite gender to announce their presence when entering a person in confinement, resident, and safekeeper housing unit."

(e) The Wake Correctional Center PAQ states the facility has a policy prohibiting staff from searching or physically examining a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. Such searches have not occurred in the past 12 months.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 9, section 5, states, "Prohibiting searching or physically examining transgender or intersex person in confinement residents, and safekeepers for the sole purpose of determining their genital status. If the person in confinement, resident, or safekeeper's genital status is unknown, it may be determined during conversations with them, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner."

(f) The Wake Correctional Center PAQ states 100% of all security staff have received training on conducting cross-gender pat-down searches and searches of transgender and intersex inmates in a professional and respectful manner consistent with security needs.

NCDAC PREA Prevention Planning, Policy Number: DAC-PREA-100, page 9, section 6, states, "Training applicable employees in how to conduct cross-gender pat-down searches, and searches of transgender and intersex person in confinement residents, or safekeepers, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs."

The interview with the PREA Director demonstrated each facility has a Developmentally Delayed Counselor who will ensure facility and or agency resources are used to ensure applicable offenders are educated and can retain their education regarding PREA. In addition, every facility has ADA personnel to ensure offenders with disabilities have access to PREA related forms and publications.

Site Observation:

Reporting Postings and End the Silence brochures were observed to be posted in English and Spanish in offender dorms and in highly trafficked areas by staff, offenders and visitors.

(a) The Wake Correctional Center PAQ states the agency has established procedures to provide disabled inmates equal opportunities to be provided with and learn about the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment.

The facility provided an interpretation and translation access sheet. The access sheet demonstrates the facility has an active contract with a language service that provides

	contact instructions. (b) The Wake Correctional Center PAQ states the agency has established procedures to provide inmates with limited English equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Policy compliance can be found in provision (a) of this standard. (c) The Wake Correctional Center PAQ states the agency prohibits the use of inmate interpreters, inmate readers, or other types of inmate assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate's safety, the performance of first-response duties under §115.64, or the investigation of the inmate's allegations. In the last 12 months the facility has had zero instances where inmates were used for interpreters. Policy compliance can be found in provision (a) of this standard. 	Auditor Discussion Document Review: 1. Wake Correctional Center PAQ 2. NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, dated 6.9.2022 3. NCDAC Memorandum, RE: Sustainable Action Plan for PREA Standard 115.42, dated 8.12.2025 Interviews: 1. Targeted Offenders 2. Facility Compliance Manager / PREA Compliance Manager 3. PREA Director / Head of Agency Interviews with one gay, one deaf and one partially blind offender demonstrated they felt sexually safe in the facility and were respected by their dormmates and staff members. The interview with the PREA Compliance Manager demonstrated risk screening

information is not currently considered for offenders.

The interview with the PREA Director demonstrated the agency has a Transgender Accommodation Review Committee that reviews all special requests from individual transgender inmates. In addition, the PREA Director stated the agency system will not allow potential victims and potential aggressors to be placed in work or education assignments at the same time, preventing any possible ongoing victimization and or perpetration incidents from taking place.

Corrective Action Plan:

- Risk assessments to be evaluated for every offender within the program and be housed as is required by the risk screening outcome.
- Provide documentation demonstrating risk screening information has been considered to inform housing, bed, work, education and program assignments.
- Appropriate facility personnel to provide a memorandum with a sustainable action plan stating which facility position will ensure all requirements of §115.42 are sustained. Memorandum to be addressed to the DOJ PREA Auditor, date and author of the memorandum and standard in question.
- Upload the above information to provision (a) of this standard.

The facility provided a memorandum from the PREA Compliance Manager addressed to the PREA Auditor with the following action plan. "Risk assessments are completed within 72 hours of intake. Facility will consider a list of risk factors for both victimization and abusiveness. Screening is conducted using an objective, evidence-based instrument. Periodic re-assessment will occur within 30 days and as warranted by new information. Information will be used to guide housing, work, education, and program placements while protecting confidentiality. No inmate may be disciplined for refusing to answer screening questions.

Risk screening information will be reviewed in the OPUS system by FCS/PCM at least weekly per policy to ensure risk assessment and outcome information is considered to inform housing, bed, work, education and program assignments on a case by case basis to ensure safety of all offenders.

Screening results are reviewed to make individualized housing, bed, work, and education assignments that ensure the inmate's safety. Inmates identified as high risk for victimization are not housed with known or likely abusers.

Transgender and intersex inmates are given serious consideration in placement

decisions and are consulted on their safety preferences.

Existing residents have been evaluated post onsite using the OPUS system and the OPUS Dashboard to ensure housing assignments reflected the outcomes of risk screening.

Housing assignments are reviewed at least weekly by using the OPUS Dashboard for high risk aggressors and high risk for victimization lists. This is and will continue to be monitored by the FCS/PCM."

(a) The Wake Correctional Center PAQ states the facility uses information from the risk screening required by §115.41 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. The PAQ states, "The High-Risk Aggressors (HRA) and High Risk for Victimization (HRV) screens are checked twice a week."

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 13-14, section (3) Use of screening information, (C) states, "Any information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by Federal, State, or local law."

(b) The Wake Correctional Center PAQ states the agency/facility makes individualized determinations about how to ensure the safety of each inmate.

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section 3 (B)(iv), states, "() The facility shall make individualized determination for bed assignments, based on facility housing designs, to ensure the safety of each offender."

(c) The Wake Correctional Center PAQ states the agency/facility makes housing and program assignments for transgender, or intersex inmates in the facility on a case-by-case bases.

	NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (E) states, “In deciding whether to assign a transgender or intersex offender to a facility for male or female offenders, and in making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the offender’s health and safety, and whether the placement would present management or security problems.” (d) NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (F) states, “Placement and programming assignments for each transgender or intersex offender shall be reassessed by the case manager at least twice each year to review any threats to safety experienced by the offender.” (e) NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (G) states, “A transgender or intersex offender’s own views with respect to his or her own safety shall be given serious consideration.” (f) NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 16, section (H) states, “Transgender and intersex offenders shall be given the opportunity to shower separately from other offenders.” (g) NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 14, section (I) states, “The agency shall not place lesbian, gay, bisexual, transgender, or intersex offenders in dedicated facilities, units, or wings solely on the basis of such identification or status, unless such placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting such offenders.” Through such reviews, the facility meets the standard requirements.

Interviews:

1. Interim Warden

The interview with the Interim Warden demonstrated the facility does not have restricted housing and offenders who may feel safe in the facility could be transferred to another facility where protective custody could be offered.

(a) The Wake Correctional Center PAQ states the agency has a policy prohibiting the placement of inmates at high risk for sexual victimization in involuntary segregated housing unless and an assessment of all available alternatives has been made and a determination has been made that there is not available alternative means of separation from likely abusers. The number of inmates at risk of sexual victimization who were held in involuntary segregated housing for the past 12 months for one to 24 hours awaiting completion of assessment was zero. The PAQ states, "Wake Correctional does not have restrictive housing."

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 16, section (4)(A) Protective Custody A., states, "Offenders at high risk for sexual victimization shall not be placed in restrictive housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers (5-ACI-4B-34). If a facility cannot conduct such an assessment immediately, the facility may hold the offender in restrictive housing for less than 24 hours while completing the assessment."

(b) NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 16, section (4) (B)., states, "Offenders placed in restrictive housing for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible. iii. The reasons for such limitations.”

(c) The Wake Correctional Center PAQ states the number of inmates at risk of sexual victimization who were assigned to involuntary segregated housing in the past 12 months, for longer than 30 days while awaiting alternative placement was zero.

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 17, section (4) (C)., states, “The facility shall assign such offenders to restrictive housing only until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days.

(i) Alternative placements can include, but are not limited to, the following temporary options:

- Relocation to a different housing unit;
- Placement in a cell or bed closer to the Corrections Officer’s desk within the unit;
- Any other housing area that the facility head or designee deems appropriate to separate from likely abusers.”

(d) The Wake Correctional Center PAQ states from a review of case files of inmates at risk of sexual victimization who were held in involuntary segregated housing in the past 12 months, the number of case files that include BOTH (a) a statement of the basis for facilities concerns for the inmate’s safety, and (b) the reason or reason why alternative means of separation could not be arranged was zero.

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 17, section (4)(D), states, “If a restrictive housing assignment is made pursuant to paragraph (a) of this section, the facility shall clearly document:

- iii. The other alternative means for separation were explored.

	(e) The Wake Correctional Center PAQ states if an involuntary segregated housing assignment is made, the facility affords each such inmate a review every 30 days to determine whether there is a continuing need for separation from the general population. NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 17, section (4)(E), states, “Every 30 days, the facility shall afford each such offender a review to determine whether there is a continuing need for separation from the general population.” Through such reviews, the facility meets the standard requirements.

	Document Review: 1. Wake Correctional Center PAQ 2. NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, dated 6.9.2022 3. NCDAC PREA Reporting – Help Prevent Prison Sexual Violence Posting in English and Spanish, dated 1.1.2023 Interviews: 1. Random Offenders 2. Targeted Offenders 3. Correctional Officers Six informal and 20 formal interviews with offenders demonstrated each were aware of reporting options to include the PREA hotline, the advocate agency, reporting to a family member, completing a PREA form, writing a letter or grievance and talking with a staff member. Interviews with Correctional Officers demonstrated they would accept and report any

type of allegation received regardless of the source of the allegation.

Site Observations:

During the tour, in addition to standardized bulletin boards with PREA reporting information, phone placards were observed to be posted near offender pay phones. The placards included the PREA hotline and the speed dial to the county sexual abuse advocate. The Auditor tested the PREA hotline phone number by dialing the number from an offender phone and the call was connected. A message instructing the caller that the call could be anonymous and to leave information regarding the allegation and the facility where sexual harassment or sexual abuse had taken place. The Auditor left a message, and the call was returned the following morning.

(a) The Wake Correctional Center PAQ states the agency has established procedures allowing for multiple internal ways for inmates to report privately to agency officials about: (a) sexual abuse or sexual harassment; (b) retaliation by other inmates or staff for reporting sexual abuse and sexual harassment; and (c) staff neglect or violation of responsibilities that may have contributed to such incidents.

(b) The Wake Correctional Center PAQ states facility provides at least one way for inmates to report abuse or harassment to a public or private entity or office that is not part of the agency. The agency has a policy requiring inmates detained solely for

civil immigration purposes be provided information on how to contact relevant consular officials and relevant officials of the Department of Homeland Security. Policy compliance can be found in provision (a) of this standard.

(c) The Wake Correctional Center PAQ states the agency has a policy mandating that staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously, and from third parties. Staff are required to document verbal reports. Policy compliance can be found in provision (a) of this standard.

115.52	Exhaustion of administrative remedies
	Auditor Overall Determination: Meets Standard

	Document Review: 1. Wake Correctional Center PAQ 2. NCDAC Policy & Procedures Chapter G. 0300 Administrative Remedy Procedure, dated 8.1.2013 Interviews: 1. Random Offenders 2. Targeted Offenders 3. Facility Compliance Manager / PREA Compliance Manager Interviews with offenders demonstrated an awareness of the grievance procedures and stated grievances are available by asking a correctional officer without ever having an issue. The interview with the PREA Compliance Manager demonstrated grievance boxes are checked every day of the week. Site Observation: During the tour a grievance box was witnessed to be outside of the Operations building. (a) The Wake Correctional Center PAQ states the agency has an administrative procedure for dealing with inmate grievances regarding sexual abuse. NCDAC Policy & Procedures Chapter G. 0300 Administrative Remedy Procedure, page 1, section (a)-(e), state, “ a. “The policy of the North Carolina Department of Adult Correction (DAC), Division of Institutions (DOI) is to provide offenders an opportunity for administrative settlement of legitimate grievances. Most grievances can be resolved quickly through informal communication with responsible authorities at the facility in which the

problem arose. An offender should be encouraged to use this method prior to the initiation of a formal grievance.

b. When this method is not possible, DAC seeks to reduce tension and provide a stable atmosphere by providing formal channels of communication of grievances by utilizing the Administrative Remedy Procedure (ARP).

c. A formal grievance is a written complaint, submitted either in paper form on a Form DC-410, or when permitted, electronic form, by an offender on the offender's own behalf concerning an action, incident, policy, or condition within a prison facility.

d. The ARP shall afford a successful grievant a meaningful remedy to include but not be limited to, an order requiring that specific action be taken, modification of DOI policy, restoration or restitution for personal property, and such other remedies that will meaningfully resolve the grievance presented.

e. Employees who intentionally obstruct the grievance process shall be subject to disciplinary action.”

(b) The Wake Correctional Center PAQ states agency policy or procedure allows an inmate to submit a grievance regarding an allegation of sexual abuse at any time, regardless of when the incident is alleged to have occurred.

NCDAC Policies & Procedures Chapter G Section .0300, page 7, section .0308
Emergency Grievances (a)-(c) state,

a. “Emergency grievances must be labeled as such and are grievances regarding matters which pose imminent substantial risk of personal injury or serious and irreparable harm to an offender.

b. Emergency grievances shall be submitted at an offender’s housing facility and forwarded immediately, without substantive review, to the level at which corrective action can be taken by the facility screening officer. Review at the corrective action level shall include a determination as to whether the grievance is in fact of an emergency nature. Review at the corrective action level shall conclude with a Step 2 response, including any action taken in response to the grievance, within five days.

c. Absent a substantiated determination that the grievance is of an emergency nature set forth above, all other matters shall not constitute the basis for use of an emergency grievance. Grievances determined not to be of an emergency nature will be routed through the normal grievance process for response.”

(c) The Wake Correctional Center PAQ states the agency’s policy and procedure allows an inmate to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint. The agency’s policy and

procedure require that an inmate grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint.

NCDAC Policies & Procedures Chapter G Section .0300, page 4, section .0305 (a)-(f) Screening Officer, state,

- a. "Wardens will appoint one or more screening officers. Screening officers shall be fair, knowledgeable regarding the grievance procedure, including time frames established therein, and capable of mediation of grievances at the facility level.
- b. No employee who appears to be involved in a grievance shall participate in any capacity in the resolution process, except as a witness where necessary. In addition, no employee who appears to be involved in an offender sexual abuse or harassment allegation shall accept a grievance which suggests such personal involvement or shall participate in any capacity in the response to the grievance.
- c. The screening officer will review grievances submitted by offenders and decide whether the grievance meets one of the rejection criteria set forth in Section .0304 and .0306 herein, or whether the grievance shall be accepted for facility response. This screening shall be completed within three days of receipt of the grievance.
- d. Receipt of grievances, to include collection of drop-box locations or grievances transmitted through facility mail, shall occur every 24 hours. Wardens shall be responsible for ensuring there are sufficient screening officers to cover absences, holidays, and other non-working days.
- e. Offenders shall receive written or electronic notice of whether the grievance has been accepted for processing or if it has been rejected, including the basis for rejection, within three days after receipt.
- f. If the screening officer determines that the grievance can be considered under the procedure, the screening officer may forward it to the staff member whom the officer believes can best provide information or relief."

(d) The Wake Correctional Center PAQ states the agency's policy and procedures that require a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. In the past 12 months there have been zero grievances filed alleging sexual abuse.

NCDAC Policy & Procedures Chapter G. 0300 Administrative Remedy Procedure, page 5, section .0306 Rejection of Grievances (c) 1-5 states, "Challenges matters beyond the control of DAC. With the exception of offender sexual abuse or harassment grievances, a grievance may be rejected at any level if:

1. An offender has submitted three grievances regarding separate incidents and

none of the three previously submitted grievances have completed Step 2 review or been resolved.

2. There has been a time lapse of more than 90 days between the alleged event and receipt of the grievance.

3. The offender has requested a remedy for another offender, except in case of an allegation of sexual abuse or harassment. This shall not apply to grievances related to policies or conditions made on behalf of a group of offenders, in which the submitting offender is a member.

4. The offender has requested a remedy for more than one unrelated incident. This shall not apply to grievances related to policies or conditions made as a pattern of incidents which are related in type.

5. The offender's grievance directs toward any person language that is generally considered profane, vulgar, abusive, contemptuous, or threatening. Offenders who violate this rule may be subject to disciplinary action. The grievance may be resubmitted for processing after objectionable language has been eliminated."

(e) The Wake Correctional Center PAQ states agency policy and procedure permit third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse and to file such requests on behalf of inmates. Agency policy and procedure requires that if an inmate declines to have third-party assistance in filing a grievance alleging sexual abuse, the agency documents the inmate's decision to decline. The number of grievances alleging sexual abuse filed by inmates in the past 12 months in which the inmate declined third-party assistance, containing documentation of the inmate's decision to decline was zero.

NCDAC Policy & Procedures Chapter G. 0300 Administrative Remedy Procedure, page 2, section .0302 Accessibility, section (c), states, "Only PREA-related grievances regarding allegations of sexual abuse may be submitted by third parties, including fellow offenders, staff members, family members, attorneys, and outside advocates, on an offender's behalf. Such PREA related grievances from third parties must be submitted to the Warden of the facility where the offender is housed. A facility may require, as a condition of processing the third-party grievance, that the alleged victim consent to have the grievance submitted on their behalf and require their participation in subsequent steps in the grievance process. If the offender declines to have the third-party grievance processed on their behalf, the facility shall document the offender's decision."

(f) The Wake Correctional Center PAQ states the facility has a policy and established procedures for filing an emergency grievance alleging that an inmate is subject to a

	substantial risk of imminent sexual abuse. The facilities policy and procedures for emergency grievances alleging substantial risk of imminent sexual abuse require an initial response within 48 hours. The facilities policy and procedure for emergency grievances alleging substantial risk of imminent sexual abuse require that a final agency decision be issued within five days. Zero grievances were received alleging substantial risk of imminent sexual abuse, which were filed in the past 12 months. (g) The Wake Correctional Center PAQ states the facility has a written policy that limits its ability to discipline an inmate for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the inmate filed the grievance in bad faith. In the past 12 months, there have been zero grievances alleging sexual abuse to occasions where the agency demonstrated that the inmate filed the grievance in bad faith. NCDAC Policy & Procedures Chapter G. 0300 Administrative Remedy Procedure, page 2, section .0303 Reprisals (a) states, "No reprisals shall be taken against any offender or staff member for a good faith use of or participation in the grievance procedure. The prohibition against reprisals should not be construed to prohibit discipline of offenders who do not use the system in good faith, in accordance with Section .0306(c)(5) herein." Through such reviews, the facility meets the standard requirements.

	Document Review: 1. Wake Correctional Center PAQ 2. NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, dated 6.9.2022 Interviews: 1. Correctional Officers Interviews with Correctional Officers demonstrated first responder steps would include notifying staff before separating, take those involved to operations or administration and not allowing them to go anywhere until supervisor staff arrived. Staff could speak to preservation efforts after being prompted stating they would not allow offenders to shower, eat or drink and would not allow anyone in the area where the alleged abuse took place. Recommendation: Revisit evidence preservation with direct care staff. (a) The Wake Correctional Center PAQ states the agency has a first responder policy for allegations of sexual abuse. The policy requires that, upon learning of an allegation that an inmate was sexually abused, the first security staff member to respond to the report shall be required to separate, preserve, protect, collect physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. If the abuse occurs within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. In the past 12 months, zero sexual abuse allegations were received. NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 20-22, section (3)(A), states, “Upon learning of an

- Such restrictive housing shall be administered in accordance with the applicable policies and procedures for restrictive housing for administrative purposes.

- The Warden has the discretion regarding how separation occurs, who is moved, and where. Should the alleged victim be placed in restrictive housing, then an analysis of 1) information from the Preliminary Review to include the type of allegation, 2) prior complaints filed against the alleged abuser, 3) will the movement appear punitive toward an alleged victim shall be considered, and 4) documentation of the decision to move the alleged victim.

- The Region Director and the DAC PREA Office shall be notified of the use of restrictive housing and the reasons therefore.

- To the maximum extent possible, the offender victim while in restrictive housing for administrative purposes shall have the same privileges of access to the canteen, telephone, visitation and property as they were afforded prior to reporting.

- Within 3 business days of the offender victim's release from restrictive housing for administrative purposes, the Warden or designee will return the offender victim to the gain time job assignment the offender victim had prior to period of restrictive housing for administrative purposes, if available. If, for operational reasons, the offender victim's prior job assignment is unavailable, the Warden or designee will place the offender victim in another gain time job assignment that is at least equal to the prior gain time job assignment.

- The Warden or designee will notify the Region Director in writing, that the offender victim has either been returned to prior job assignment or placed in equivalent one.

- Within three business days of the receipt of the written notification from the Warden or designee, the Region Director, or their designee will request in writing to the Director of Rehabilitative Services that the offender victim's gain time be restored.

- When offender victim is released from restrictive housing, whenever possible shall be allowed to return to previously assigned housing unit unless, in the discretion of the Warden, doing so exposes the offender to an increased risk to the offender victim's safety and security or the orderly operation of the facility."

(b) The Wake Correctional Center PAQ states the facility's policy requires that if the

	first staff responder is not a security staff member, that responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and notify security staff. Of the allegations that an inmate was sexually abused in the past 12 months the number of times a non-security staff member was the first responder was zero. NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 22, section (3) First Responder, (B) states, "If the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and then notify security staff." Physician Extender – Physician Assistant 5. Human Services Psychology Program Manager Interviews with 20 offenders demonstrated all were offered mental health services during the intake process regardless as to if they were on the High Risk for Victimization or High Risk for Aggression agency reports. The interview with the Case Manager demonstrated she verbally contacts security, mental health and medical staff when an offender flags for victimization or

aggression; however, all offenders are offered mental health services during the intake process.

Interviews with medical and mental health staff demonstrated disclosure reports are automatically flagged in the HERO system and or forwarded to them through staff conducting risk assessments. Medical staff stated they would see offenders, for any disclosure typically the day of intake but for sure within 24 hours of intake.

(a, c) The Wake Correctional Center PAQ states all inmates at this facility who have disclosed any prior sexual victimization during a screening pursuant to §115.41 are offered a follow-up meeting with a medical or mental health practitioner.

access to emergency medical and mental health services upon receipt of an allegation of sexual abuse.

Site Observation:

In the past 12 months the facility has had zero offenders who required emergency services due to an incident of sexual abuse.

The nature and scope of such services are determined by medical and mental health practitioners according to their professional judgment. Medical and mental health staff maintain secondary materials (e.g., form, log) documenting the timeliness of emergency medical treatment and crisis intervention services that were provided; the appropriate response by non-health staff in the event health staff are not present at the time the incident is reported; and the provision of appropriate and timely information and services concerning contraception and sexually transmitted infection prophylaxis.

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 20, section (4) (a-b), state, “

NCDAC Health Services Policy & Procedures Manual Clinical Practice Guidelines CPG-18, page 3-4, section A., states, "He/She will be counseled by the facility provider/nurse relative to risk for possible exposure to sexually transmitted diseases. For sexual abuse reported within 72 hours, consideration of post-exposure prophylaxes (PEP) for HIV, chlamydia, gonorrhea, trichomonas, and bacterial vaginosis will be based on current CDC guidelines." (d) The Wake Correctional Center PAQ states treatment services are provided to every victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. NCDAC Health Services Policy & Procedure, Section Clinical Practice Guidelines CPG-18, page 4, section 5. F., states, "Once an investigation has been completed and an inmate has been determined to be an inmate-on-inmate abuser, within 60 days, a mental health clinician will attempt to conduct an evaluation and offer treatment when deemed appropriate. Through such reviews of the medical and mental health staff completing evaluation the day of a sexual abuse incident, the facility exceeds the standard requirements.

Interviews:

1. Interim Warden

The interview with the Interim Warden demonstrated the incident review team is comprised of the Interim Warden, Associate Warden, Programs, PREA Compliance Manager, Medical, Mental Health and PREA Support Personnel. The Interim Warden stated the team reviews what the facility could have done better, if retaliation monitoring is being conducted, blind spots, if more staffing is required in the area where the incident occurred, and group dynamics within 30 days of the close of the investigation. The Interim Warden stated the PREA Compliance Manager would ensure all recommendations are implemented and sustained.

Site Observation:

Of the two sexual abuse investigations reviewed, two were unsubstantiated and one did not have sexual abuse incidents completed. (see corrective action plan for §115.71)

(a) The Wake Correctional Center PAQ states the facility conducts a sexual abuse incident review at the conclusion of every criminal or administrative sexual abuse investigation, unless the allegation has been determined to be unfounded. In the past 12 months there has been one ongoing investigation of alleged sexual abuse. The PAQ states, "One administrative sexual abuse case is ongoing."

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 26, section (B)(i), states, "A PIR shall be completed for all substantiated and unsubstantiated allegations of sexual abuse and documented on Form OPA-I10 Post Incident Review (PIR)."

investigations of alleged sexual abuse completed at the facility were followed by a sexual abuse incident review within 30 days, excluding only “unfounded” incidents was zero.

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 26, section (B)(iv), states, “The PIR shall be completed by the facility within 30 days of the conclusion of the sexual abuse investigation.”

NCDAC Prisons Policy & Procedures, Section F. 3400 Offender Sexual Abuse and Sexual Harassment Policy, page 26-27, section (B)(iii), states, “The review team shall consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status or perceived status; or gang affiliation; or motivated or otherwise caused by other group dynamics in the facility; examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse; assess the adequacy of staffing levels in that area during the different shifts; and assess whether monitoring technology should be deployed or augmented to supplement supervision by staff and prepare a report of its findings pursuant to standards, and any recommendations for improvement. Submit such reports to the Warden and PREA compliance manager.”
